AMERICAN LEGION DINNER AT WINCHESTER
Members of Winchester Post: Served Fine Dinner Thursday Evening—L. O. O. F. in Ceremonial Session—Other Winchester Items.
Winchester, March 31.—The American Legion dinner served in the basement of the Christian church Thursday evening was a great success. There was a large attendance and an excellent menu was served, including baked chicken, dressing, gravy, potatoes, salad, pickles, a la mode, coffee. Frank Sherrer was the caterer assisted by relatives and friends of the Legionnaires, and they certainly deserve much credit for the manner in which they did their work.
Following the dinner came a benefit program at the Lyric, and this was attended by many. The film attraction was "Don't Ever Marry." Later the members of the local post and their friends repaired to the hall where several hours were spent in dancing.
Charles Barnhart brought his wife home Thursday from Jacksonville. Mrs. Barnhart was taken seriously ill several weeks ago and while somewhat improved is still quite ill.
Mrs. Morrow has returned to her home in Beardstown after a visit at the home of Mr. and Mrs. Frank Sherrer.
Mr. and Mrs. Harry Geisen-dorfer of Bluffs were Winchester visitors Thursday.
The names of Mr. and Mrs. John Seymour, George Peak and wife, Mrs. Mary Peak, Miss Frank Peak, were omitted from the list given in Thursday's Journal of the people from Scott county who would attend the funeral of the late Mrs. George Wheeler.
Representatives of Temple Encampment of Jacksonville came to Winchester Thursday to hold a ceremonial session. A number of candidates were given the work and the whole session was of a very interesting kind. The Jacksonville men were entertained at the American Legion dinner at the Christian church and then adjourned to the L. O. O. F. hall for the ceremonial session. The visitors came from Jacksonville in automobiles and returned at a late hour Thursday night.
The candidates were Herbert Shibe, J. T. Hamilton, F. J. Sherrer, Frank Irving, W. H. Fath, W. M. Carlton, George E. Ogden, C. M. Danners, Lee Cunningham, Otis Hamilton.
The visitors from Jacksonville were E. E. McPhail, David and Shadell, John Deatherage, Cobb, C. O. Bayha, R. C. Allen, Everett Mann, Frank DeFrate, James Dickins, M. A. Iglehart, L. D. Melton, Amos Sutton, Fred Thies, H. E. Frye, Alex. Murray, Frank T. Irving, J. W. Davis, J. Clark, Rothwell, Roy DeFrate, A. E. Phillips and others.
PLANS BEING MADE FOR BOMBING EXHIBITION
J. F. Claus, president of the Jacksonville Automotive Dealers association, was among the number who viewed Jacksonville from the air Thursday afternoon. Mr. Claus went to an elevation of two thousand feet and stated that he enjoyed the ride and the accompanying sensation immensely. It was "so different from anything I ever imagined," as he expressed it.
The various committees are still working on plans for an aviation field for Jacksonville and should one be secured it is planned by Robertson Bros., and Hutson Bros., to give a bombing exhibition a week from tomorrow. This will be staged as was done in war zones and will give the public some idea of what it really would be like should an enemy be at work. Numerous small parachutes also will be released. It is expected that one of Robertson Bros. new four passenger planes will be finished by this time, when it will be brought here.

BURLINGTON MEN TO HAVE CONFERENCES
Officers and Employees Are to Hold Meetings at Beardstown and Centralia.
More than ordinarily important meetings of the Division O. S. D. are expected from the getting together of Burlington officials and employees on Thursday, April 7, and Friday, April 8, when conferences will be held following the close of the thirty-days' "No Lost Package" campaign, which ends tomorrow. This campaign has met with the most pronounced success of anything recently done in the way of efficiency along similar lines and all hands are proud of the record which the men, both official and employees of the big system have made. With a hearty co-operation from members of every department of transportation the "No Lost Package Devil" which has cost the railroad so much money and worry and inconvenience during many past years, has been routed. Therefore, tired and weary, he has been unable to pursue his usual work of setting to naught the plans of a well-ordered organization.
There will be two meetings held of interest to men of this division, one at Beardstown on April 7, and the other at Centralia, April 8. The conference will be attended by officials from the general offices at Chicago, Galesburg, Beardstown and Centralia.
Jacksonville Chapter No. 3, R. A. M., will hold a special convocation this evening at 7:30 o'clock. Work. Visiting companions welcome.
W. P. Spillman, E. H. P. John R. Phillips, Secy.
ALEXANDER
Miss Minnie Morris of Indianapolis, Ind., who is engaged in evangelistic work and who has been a guest this week at the home of her uncle, Luther and Edward Dowell here, left Thursday for Drexel, Mo. Miss Morris addressed a meeting at the Methodist church Tuesday evening and was heard by a very large audience.
Mrs. Annie Beerup, who is now a patient at Our Savior's hospital in Jacksonville, was yesterday reported to be improving in a satisfactory manner.
W. J. Kumble, Jr., Samuel Wilcox, William Colwell and O. E. Ryan were Jacksonville visitors Thursday afternoon.
Overalls and jumpers for men and boys at only 98c the garment—We lead in work clothes.

This is a real opportunity, and presents itself but once in a life time. Write or wire immediately. National Soil Bacteria Corporation, Transportation Building, Chicago, Illinois. 4-1-3t

FAVORITE LODGE LARGELY ATTENDED
Over 100 present at Regular Session—Fifteen GIPVEN Rank of Knight.
Over one hundred members were present at the regular session of Favorite Lodge, No. 376, Knights of Pythias, held in Castle Hall, Thursday evening.
During the regular order of business plans were discussed for securing the session of the grand lodge of Illinois in 1922. This matter will be pushed and it is the belief of the members that it can be landed. In case it is it will be the biggest event in Jacksonville's history.
It was also announced that a fine program and games has been arranged for the next regular meeting, April 7. Following the business session the rank of Knight was conferred on fifteen Equites and then refreshments were served.
Those taking the rank were: Lewis Conlee, Allen King, J. M. Stewart, Joseph Wolke, Clarence Sanderson, Clifford Portzline, Roy Sandberg, Milton Trotter, Rollin F. Hart, Roy Weatherford, Claude Cully, F. A. Dickson, Carlos DeWitt, Emsley Cook, Allen Leake.
Musicians Grand Ball Tues. eve., April 5, Armory hall. Two large orchestras. Continuous music.
WOUNDED VETS START HUGE FARM
A California paper gives the following interesting facts about a big farming project for wounded veterans:
In the Imperial Valley, California, 250 wounded and disabled veterans of the great war have gotten away to an extremely successful start on a co-operative farm of several thousand acres. In the panel above is shown the cottage colony of the soldier-farmers; just below and on the right, center, is the "kitchen police" duty man, who shares in the farm profits, though he seldom leaves the cook house; on the left are two "vets"—Bertha, the mule, saw service over there and is now ridden to the field; below are typical scenes in the field and home.
The land, comprising several thousand acres, has been turned over to the returned soldiers without cost to them. Each man, after having been pronounced a subject for vocational training by the Federal Vocational Board at the end of which time, if he is adjudged by the other participants to be a desirable citizen, he is allotted his pro rata share in the venture.
No cash is required. Each man is paid his \$100 to \$170 per month by the government, according to the size of his family. He is allowed to pick out his own furniture and pay for it on easy installments. But to insure that those who work the hardest are not handicapped by those who make less effort, the actual working time of each man is kept. At the end of each season, after the crops have been marketed each man receives his pro-rata share of the profits according to the amount of time he has worked.
When the amount of net proceeds credited to a soldier's allotment reaches 50 per cent of the value of the land he will receive a deed to the land, subject to a mortgage covering the unpaid balance.
Thus those wounded soldiers who have proved themselves industrious will acquire their land, without loss to them, and will be paid their government salary while learning to become successful farmers. The land, which the soldiers will receive at the end of two or three years, is valued at about \$400 per acre.
Not every soldier works on the land. Some are cooks, some are carpenters, blacksmiths and so on. But each receives his share in accordance with the hours he has worked during the season.

SINCLAIR FARMERS TALKED BETTER FARMING METHODS
The farmers of Sinclair and vicinity held a very successful meeting at the W. L. Hopper shop at Sinclair Wednesday evening. County Agent Kendall used the blackboard to list the sources of income of the community the limiting factors and the remedies to be applied. Considerable interest was shown in the talk about limestone as a fertilizer and there was animated discussion of the loss of corn caused by corn disease and the benefit from the use of soy beans.
D. T. Heimlich accompanied Mr. Kendall and made an interesting talk on the poultry industry. L. J. Stewart is the township chairman of 16-9 and arranged for this meeting at Sinclair. Mr. Stewart is entitled to credit for the interest in farm bureau work which is being shown in the Sinclair territory.
M. P. MISSIONARY SOCIETY TO MEET AT CONCORD
The Foreign Missionary Society of the Methodist Protestant church will hold a convention in Concord April 26 and 27. One of the speakers will be Rev. Frederick J. Baylis, now living at Kasben, and formerly in charge of the Chapin church. His theme will be "Mission Work in Japan."

Fred Kohrs was on the square for a "chat" with friends from Orleans yesterday.

Samuel and Hubert Twyford were city arrivals from Pisgah yesterday.

A. E. Curry was up to the city from Pisgah yesterday.

Thomas McGrath called in the city from Murrayville Thursday.

FARM BUREAU CONDUCTS MEETING AT WOODSON

Many Farmers Attended Meeting at Woodson Thursday Afternoon—Red Cross Program Is Discussed—Other Woodson News Notes.

Woodson, March 31.—A meeting under the auspices of the Morgan County Farm Bureau was held in the basement of the Woodson Christian church Thursday afternoon. The meeting was largely attended by farmers of the neighborhood, and all found the discussion most profitable. G. B. Kendall, county agent, and D. T. Heimlich, poultry authority, were the principal speakers.

Among subjects discussed was the importance of the use of limestone and the desirability of using large quantities of it stored in various parts of the county for convenience to the farmers. The need of waging a strenuous fight against chinch bugs and the importance of vaccination to prevent cholera among hogs were other matters touched upon.

Mr. Heimlich gave a brief talk on poultry raising. He will be in Woodson Friday afternoon and will give a demonstration in poultry culling.

Red Cross Meeting. A meeting in the interest of the Red Cross was held in the Christian church basement late Thursday afternoon. Informal talks were made by Mr. Burger of the Chicago office, Miss Arthur and Miss Rieck of Jacksonville. Various phases of the work which the Red Cross proposes to do were discussed and the Woodson branch went on record as heartily in accord with the plans. The Woodson people will in all probability pay their full share of the expense of maintaining a county nurse.

Rev. J. T. Fuller, pastor of the Christian church, is the president of the Woodson branch.

News Notes. Ed. Sorrells has recently moved to his farm just northeast of town. J. H. Shirley and family of Clements, will occupy the house just vacated by Mr. Sorrells.

Mr. Shirley is now the owner of the Russell McAllister grocery store and will take possession next Monday.

O. K. Taylor of Jacksonville, was a business visitor in Woodson one day this week.

W. T. Craig is able to be out, after a few days' illness.

There was a large attendance at the Bible study meeting held at the Christian church Wednesday evening, and at the close of the service one young woman was baptized.

R. H. Hartley of the Lukeman Motor Co., of Jacksonville, was a business visitor here Wednesday.

NEWS NOTES FROM THE FARM.

A. C. Rice made a trip to Murrayville precinct yesterday and enroute examined several fields of oats. He found a field where the plants had attained much growth a great deal of damage had been done. In such fields Mr. Rice believes that it will be for better for the farmers to replant, otherwise only a thin stand of oats can be expected.

Reports from a number of localities indicate that young clover was cut down by the frost just in the same way.

The recent slump of corn prices is causing worry for the farmers. Prices have been reduced by at least 10 cents during the past two weeks, a new low mark being set yesterday. On the present Chicago market basis, grain men are enabled to pay just about 40 cents for corn on the farm. Of course, at this price, very little corn is moving, as the farmers are justified in their position that corn prices are out of line with everything else.

The crop reports show a vast amount of corn in the hands of the farmers, and the big terminal elevators have much larger stocks than they did a year ago. There seems to be less than normal demand, but so far no one has come forward with a very coherent explanation of just what has caused the situation.

Certain it is that corn prices are entirely out of line with the price of hogs, and the once reputed relationship between the values of hogs and corn seems to be entirely out of joint. In another column of this paper a statement appears from the Chicago grain market indicating in quite a pointed way the relationship between corn prices and the prices for ordinary necessities.

About the only thing that has taken a slump is the price of eggs. It was only about two months ago that eggs were quoted at 50 and 60 cents a dozen, and today the farmer that has them for sale is paid about 15 cents a dozen. The egg price is lower than has been true for an extended period.

Insure with M. C. Hook Co.

FLORIDA PAPER DEFENDS STATE CLIMATE RECORD

The Kissimmee Valley Gazette, published at Kissimmee, Fla., in a recent issue, takes editorial exception to the comparison recently drawn by S. W. Nichols between the climates of Florida and Arizona. In denial of the charge against Florida the paper makes the following reference to the subject. The paper was sent to the Journal by W. C. Ledford, who spends much of his time in the south.

"One S. W. Nichols, who went from Jacksonville, Illinois, to Arizona—where he located at Tucson—writes back to the Journal of his home town:

"I tell you it was a kind providence that guided me here instead of Florida, for I am told by several that the winter down there has been especially cold and damp. Here the atmosphere is decidedly clear and dry.

"I see they are having all sorts of storms and troubles in the east, and here in the balmy sunshine it is hard to realize that such conditions exist. The nights are cool—yes, cold—and we have some fire, but with such a climate a person can sleep at the rate of 40 knots an hour.

"It is a matter of regret that Mr. Nichols should have been so incorrectly advised regarding conditions in Florida; and it is also to be regretted that the Journal should have allowed the cold conditions in the 'east' to have suggested that the same situation was bothering the 'south.' It is admitted that Arizona is a mecca for the consumptives—and that incident cases have been entirely cured by those seeking that climate when the disease was young; the climate is very dry; the annual rainfall in the vicinity of Tucson is three inches; the summer heat frequently runs to 120 degrees in the shade; the nights are equally cold.

"To compare that country with Florida, especially with the southern portion of the Peninsular State—is as relatively difficult as multiplying nine cows by thirteen horses and expecting to secure an intelligible answer. It can't be done. What can be done, however, is to deny the assertion that the winter here 'has been especially cold and damp.' The season here has been perfect, probably more perfect than that of Arizona. There have been no more than a half dozen imperfect days throughout the entire winter—even though there have been numerous dangerously-cold periods of several days' duration in many northern points. One has but to travel over this section of the state to observe that Florida has been singularly blessed throughout what has been in many localities a severe winter.

Undoubtedly there have been in Florida during the season that is 'now on' close to one million tourists—and it is with such a jury that the Gazette is willing to rest its case.

SPECIAL SUNDAY EVENING SERVICES ANNOUNCED

The congregation forum has closed for this season and the board of the church has arranged for some special Sunday evening services until the arrival of the recently selected minister, Rev. Mr. Stickney. The first of these services will be next Sunday evening. A supper will be served at 6 o'clock, for which a charge of 25 cents to cover the expense will be made. The invitation to attend being general.

After the supper, while still seated at the tables, there will be an informal discussion of the question, "How to Improve the Public Health." The purpose is to take advantage of the health survey work done by the Red Cross, for the only real value from the survey will come when suggestions made have been followed out.

The speakers will be Mayor E. E. Crabtree, Dr. F. A. Norris, who is president of the Morgan County Medical society, and Dr. Carl E. Black. It is the expectation that there will be a number of other speakers with general discussion. Mrs. A. R. Gregory is arranging a brief musical program. The entire program will be concluded by 7:30 o'clock, so that any who wish to attend services in other churches will be able to do so.

ATTENDED DANCE AT VIRGINIA

A number of young people of Littery and Sinclair were in Virginia Wednesday evening to attend the dance given at the hall there. Among the number were Misses Margaret Chapman, Emma Johnson and Dovie Smith, Earl Myers and Orville Petefish.

LEAVES FOR THE EAST

Arthur D. Fairbank left last night for Baltimore and Washington, D. C., expecting to be absent two or three weeks. His mother, Mrs. J. C. Fairbank, who has been in Baltimore for several months, will return with him.

BASKETBALL MEN OF HIGH SCHOOL BANQUET

Annual Event Held at David Prince Thursday Night—Menu Served by Domestic Science Girls.

The annual banquet of the basketball squad of the Jacksonville High school was held in the David Prince building Thursday evening and proved a most enjoyable event.

The banquet was served by the Domestic Science class of the High school under the direction of Miss Newman. The menu was an excellent one consisting of roast veal, corn, mashed potatoes, gravy, butter, buns, candied apricots, fruit-salad, ice cream, cake and coffee.

Following the banquet Paul Gard, president of the Athletic association, introduced Coach Mitchell, who served most acceptably as toastmaster. The coach called on the following: Wood, Arter, Hunter, Goebel, Lewis, Hunt, Putnam, Miss Tilton of the faculty, Sandberg and Dar, yell leaders.

JOSEPH LEIDY MADE NAME IN WORLD OF SCIENCE

Charles Leidy of North Prairie street, recently received from a relative a picture showing the Philadelphia monument erected to Joseph Leidy. The Pennsylvanian was a great uncle of the Jacksonville man and was honored with the monument because of his contribution to science. He was born in 1823 and lived until 1891. His activity in scientific research and with scientific organizations continued thru the greater part of his life, as he had attained prominence in this special line of work when twenty-three years of age.

BUSINESS SHOWS UNCERTAINTIES OF LAST SEASON

Federal Reserve Board Sends
Out Its Monthly
Report

BUYERS STRIKE STILL IN FORCE

(By The Associated Press)
WASHINGTON, March 31.—Business showed little indication this month of getting away from the uncertainties of the last year, according to the monthly review of conditions made public tonight by the federal reserve board.

Increased activities were noted in some trades but with those exceptions, commerce apparently was waiting further development, before moving toward anything like normal conditions. Federal reserve agents reported. Regarding trades showing a healthier side, including automobiles, textiles and footwear, the board hesitated in saying they had experienced more than temporary advances due to the spring season.

Buyers Strike Still Effective.
Without exception the observers reported that the buyers' strike, felt first last summer still showed an almost solid front. The only optimistic expression was in connection with the employment situation which the review said, reflected slightly improved conditions during the last 30 days, attributed to the increased seasonal activity in the three lines of manufacturing mentioned as showing more life. Reports from reserve banks touching agricultural communities indicate that the cry of the farmers for labor is being answered by persons driven out of cities thru unemployment. Here again future conditions could not be forecast because of uncertainties in general conditions. Reductions in wholesale prices continued during March and on this basis the board declared that post-war readjustment had not been completed. The combination of conditions in all lines had forced a continuation of liquidation it was stated. Frozen credits continue to be released yet there was only a slight reduction in the total amounts of bank credits outstanding.

PERMISSION GIVEN BIG FOUR TO ISSUE BONDS

Washington, March 31.—Authority was granted the Big Four railway today by the interstate commerce commission to issue under date of April 1, a six months' promissory note for \$2,500,000 at six per cent interest, pledging as security \$3,547,500 francs worth of its four per cent twenty year European loan of 1910 bonds, and to make the bonds payable at its New York office in dollars at the rate of 5.1813 francs for one dollar.

LITTLE ENTENTE STATES TO MAKE DEMONSTRATION

Belgrade, March 31.—A military demonstration, it is declared, will probably be made shortly against Hungary by little entente states. M. Pachitch, Jugo-Slav premier, is well posted as to the intentions of former Emperor Charles, and had been expecting his appearance in Hungary for the past ten days. Accordingly, all military arrangements have already been made.

It is declared in military circles that there is a complete understanding on all points between Italy, Jugo-Slavia and Czecho-Slovakia, concerning the return of the former emperor.

HARTFORD PURSES AGGREGATE \$29,000

Hartford, Conn., March 31.—Purses aggregating \$29,000 for the Grand Circuit races at Charter Oak Park, Sept. 5 to 9, were announced today by the Connecticut Fair association. The Greater Charter Oak stakes with a purse of \$20,000, will attract the leading trotters of the country.

SUGGEST CONFERENCE OF BIG BUSINESS

New York, March 31.—The railway business association at its annual meeting today sent a letter to Secretary Hoover, suggesting that a conference of big business representatives be held for the purpose of restoring prosperity and stability to business.

OIL COMPANY GETS INCORPORATION PAPERS

Springfield, Ill., March 31.—Corporation papers were issued today to the Lamar Oil & Development company, Peoria, capitalized at \$100,000 to explore, drill and develop oil, natural gas and other mineral property. Incorporators are: Joseph Cushman, Thomas K. Hale and Carl J. Pickarts.

TWO KILLED WHEN TRAIN HITS TRUCK

Rockford, Ill., March 31.—Private Walter Baker, Motorcycle Company No. 6, and Sergeant Joseph R. Harvey, Company F, 53d Infantry, Camp Grant, were killed here tonight when a United States army mail truck driven by Baker crashed into a Fay motor bus. Baker's home address is No. 17 1/2 Poppenik street, Detroit, Mich. Melvin Peterson, Sixth Military Police, Camp Grant, and Rudolph Beckman of Rockford, were severely injured.

COAL OPERATORS POST NEW SCALES

Uniontown, Pa., March 31.—Practically all independent coal and coke operators of the Conneville bituminous region to date posted new wage scales, effective tomorrow, and under which the rates of pay on and after April 1 will revert to the scale of November 1, 1917.

ICE PRICE IN CHICAGO INCREASED

Chicago, March 31.—An increase of 10 cents a hundred pounds in the retail price of ice was announced tonight by the largest ice firm in the city. The new price will be sixty cents a hundred pounds.

MAKE CHARGES AND COUNTER CHARGES

Chicago, March 31.—Charges and counter charges of threats and intimidation were tossed back and forth by representatives of the St. Louis & Southwestern railroad and the roads employees today before the railroad labor board. Alleged violations of the board's wage decision and the transportation act met denial from the carrier who contended that in employing men on individual contract, regardless of the terms of the wage decision the road was acting within its entire rights.

GETS MEDICINE FOR HIS EYESIGHT

Chicago, March 31.—The inability of Pasquale Verrie to differentiate between a blackbird and a robin, cost him twenty-five dollars today in Federal Judge K. M. Landis' court. Verrie was charged with having shot a robin thus violating the migratory bird act. He told Judge Landis the weather had been foggy and he thought he was shooting a blackbird. A recurrence of the misdemeanor, Judge Landis said, would result in a six months' jail sentence.

FINANCES OF GOVERNMENT ARE IMPROVED

In Better Shape Because of
the Marh Tax Pay-
ments

SHORT TERM NOTES ARE POPULAR

(By The Associated Press)
WASHINGTON, March 31.—Government finances have been placed in much better shape because tax payments of March 15 exceeded expectations. Treasury officials said today in announcing nearly complete figures for the first quarter where slightly more than \$700,000 was paid.

The treasury is consequently able to begin redemption of approximately \$125,000,000 in treasury certificates of indebtedness which will not mature until April 15 and authorization has already been given federal reserve banks by Secretary Mellon to retire these certificates where offered.

In connection with the plan for retiring certificates not yet matured, Mr. Mellon called attention to the steady market for this class of government securities. Federal reserve board reports and market quotations, he said show the demand for the certificates to be constant while bank reports reveal that less than \$100,000,000 of \$2,500,000,000 in certificates outstanding are now pledged with reserve banks as security.

This indicated, Mr. Mellon declared that investors have absorbed millions of dollars worth of the short term government obligations and that future issues will be quickly taken up when offered by the treasury.

The treasury also has begun the retirement of certificates of indebtedness issued under the Pittman act as a war-time measure to conserve the gold and silver stocks.

WILL APPEAL FOR READJUSTMENT OF RATES

Cleveland, O., March 31.—Acting on the suggestion of the interstate commerce commission, 200 district operators from the northwest and mine operators from every district in the eastern soft coal field today, decided to appeal to the presidents of eight eastern railroads for readjustment of freight rates on coal to lower lake ports, to stimulate the movement of bituminous coal from the eastern fields to the northwest. That movement of coal has been practically suspended because of a handicap of 58 cents a ton in competition with the Illinois field it was contended. The eastern roads will be asked to readjust their rates to absorb part of this handicap, the remainder to be handled by northwestern roads moving the coal from northwest lake ports.

SWITCHBOARD FIRE PUTS TELEPHONES OUT

Bloomington, Ill., March 31.—Every telephone in this city and Normal was put out of commission by a fire which started back of the main switchboard of the company's plant this afternoon. The short circuiting of a line caused the trouble. Sixty-five girls were at work at the switchboards when the fire started and all remained at their post until given permission to leave. The damage caused was slight, except as to the burning out of the central connections of all the city lines. It will probably be twenty-four hours before service is restored.

PENN R. R. HOLDS FIRST OF CONFERENCES

Pittsburgh, Pa., March 31.—The first of a series of wage conferences between executives of the Pennsylvania Railway company and representatives of employees ended late today, when the delegates named to present the case of the 35,000 maintenance of way and structures and unskilled forces refused to accept a wage reduction ranging from 16 to 25 per cent. The committee of general managers of the road, in charge of the conference, suggested that the workers in question accept the cut, but this refusal automatically threw the case into the hands of the railroad labor board.

STORY'S EXCHANGE We Never Quit

You say you have missed my ad? Well, I've been too busy to write it.

Yes, a little different from our last year but we are still all here, and still want to sell and buy, borrow and lend, but

We must throw up our chin,

And just buckle in,

And take it from me

We're dead sure to win.

(a) Will sell you a nice little farm well located, and take that residence property in exchange.

(b) Will trade you a 30 acre farm clear, near here and take your business building.

(c) Will sell you one of the most desirable store buildings on the square at a real bargain price.

Let us prove it.

(d) Say folks, need a house right away? We have it. Splendid west side residence. Modern throughout. It is a real ready made home and vacant this minute. Well hurry then, if it sounds good.

MONEY

Yes, real money, coin of the realm. Say how much you need.

Or better still say how much you have idle—You know we represent the Straus Brothers Company, the "Old Reliable," and can place your money as securely as mother earth and a first mortgage can make it, and to draw 7% or better, free from tax. We are placing thousands and thousands for your neighbors, and they will be glad to tell you all about it. Business kept as confidential as you desire it.

CLOTHING STORE HAD FORMAL OPENING

Numerous Callers at Store of Lukeman Clothing Co., on East Side of Square.

The formal opening of the Lukeman Clothing Co., attracted a great many visitors to their handsome new store at No. 69 East Side Public Square yesterday. These numerous men and women with one accord expressed their admiration after inspecting the store equipment and stock.

Mr. Lukeman and Mr. McGinnis, the proprietors, extended a cordial greeting to all visitors and there was no insistence on buying, although many of the visitors took the opportunity to make purchases from the attractive offerings.

As indicated in a previous item, the store is modern in its detail and is the last word in equipment and stock arrangement. There were souvenirs for all visitors and the opening day floral decorations were very handsome. Conspicuous among

the flowers was a wonderful bouquet of roses, sent by Chicago friends of the proprietors. Mr. Lukeman and Mr. McGinnis are thoroughly experienced in the business they have established here and the Lukeman Clothing Co. has already taken its place among the firmly established business concerns of Jacksonville.

ANNOUNCEMENT

Having taken over the business of the Gates Fuel & Ice Co., we beg to announce that we will deliver ice to their patrons beginning April 1, giving them the same courteous treatment and best service possible. Mr. John R. Phillips who has been for a number of years associated with the Gates Co., comes to us as quickly as the affairs of the Gates Co. can be closed, and will be pleased to give his former customers his own personal attention.

We also wish to advise the public that we have just installed a new ice machine of large capacity, capable of taking care of our constantly growing business.

We cordially invite our patrons to call and inspect our new machine.
SNYDER ICE & FUEL CO.

THE CIRCUIT COURT.

Because of a case now in progress in the Sangamon county circuit court, where Judge Burton is presiding, he will not be here as planned to close the February term of the circuit court today. Master in Chancery Henry W. English was yesterday advised that it is probable either Judge Smith or Judge Jones will be here to make the final orders.

ICE ICE
We will give your orders prompt and careful attention.

C. W. BOSTON WITH FARRELL STATE BANK

Former Circuit Clerk Enters Upon New Duties Today—Will Have Charge of the Bank's New Business Department.

Announcement was made yesterday of the appointment of Charles W. Boston as manager of the new business department of the Farrell State Bank. Mr. Boston will enter upon his duties today. He will spend a number of weeks in the bank.

C. W. BOSTON.

familiarizing himself with the institution and its work, and then most of his time will be spent in outside work.

It is the plan of the bank and Mr. Boston for him to spend the greater part of each week in different sections of the county, but he will always be at the banking house on Saturday.

Mr. Boston has spent all of his life in Morgan county and the record is an open book. After a period of years' service as a successful teacher in the county schools, he became a deputy in the office of the county clerk for six years. Then he was elected circuit clerk and recorder of Morgan county, and filled that office with exceptional ability making an excellent record.

Subsequent to the November election, by action of Circuit Clerk Wanamaker and the county board, Mr. Boston was retained in the office for a number of months and he is leaving that position to enter his new duties. A man of unquestioned integrity, of good judgment and great interest in his work, Mr. Boston will no doubt prove a valued asset of the Farrell State Bank and will be of assistance in the further development of the bank's business.

WOULD COMPEL DEED SIGNATURE

Circuit Court Suit Is Result of Proceedings Following Distribution of Tindall Estate.

In the office of Circuit Clerk Wanamaker a bill was filed yesterday by Thompson and Thompson at attorneys for Gregg L. Tindall, directed against Edmund M. Tindall and Mrs. E. May Tindall.

The bill, which is for relief and specific performance, sets forth certain facts about the estate of the late Isaac T. Tindall, who died about Sept. 21, 1919, leaving a large amount of personal property and about 600 acres of land.

It is related that it was agreed that the deeds to the several parcels of land subsequent to their sale should be signed by all of the heirs instead of by the attorney in fact. The complainant says that a certain tract of this land was purchased by him at a cost of \$23,460, that he directed that a deed for the land should be made to his wife, Pearl Tindall, that such deed was drawn and that all the heirs have signed it except the defendants in the present suit. Mr. Tindall has brought the bill asking the court to require Mr. and Mrs. Edmund Tindall to attach their signatures to the deed.

LAD FINDS HOME WITH WEALTHY AUNT

HAROLD HICKMAN ONCE WAS LOST BUT HAS BEEN FOUND.

Mother Searched for Years for Her Son—Died Suddenly as Their Reunion Was Near—Lad's Aunt to Take a Mother's Place.

The story of Harold Hickman is full of pathos and heart interest. The lad, who a few weeks ago appeared in the Juvenile Court, seemingly friendless and abandoned and was subsequently placed in the care of a Jacksonville citizen, is today the beloved foster son in the home of a wealthy aunt living in an Indiana city. This boy of fourteen years is of good family and it was only because of wrong companionship that he came so near slipping from the right path of living.

Harold was a student at the David Prince school and one morning recently he was accompanied to the school house by a woman who had the certain marks of refinement. The visitor was introduced to the principal of the school and proved to be the aunt of the lad.

A few months ago Harold came to Jacksonville with his father, who was employed here for a time and then drifted on to another city, leaving the boy here in school. It was just by chance that the Indiana woman found that the boy for whom years of search had been conducted was living in this city. The mother, a graduate of the University of Michigan, married against the wishes of her parents. Later came some years of marital unhappiness and a separation, wherein by chance or connivance the father secured possession of the boy.

The mother, left to make her own way, became a graduate nurse and then began the search for her son and the saving of a fund for his education.

A little more than two months ago the mother in Detroit learned that the boy was in Jacksonville. Then fearing legal difficulties with the father, she journeyed to the Indiana city to secure the aid of a wealthy married sister, intending that both should come to Jacksonville.

While in Indiana Mrs. Hickman was taken suddenly ill with pneumonia and there her death occurred less than six weeks ago. The remains were taken to Detroit and after attending to a number of matters of business the sister came to Jacksonville, located the lost lad and took him away to her Indiana home.

The mother during the years of search, had saved from her earnings a fund of \$3,000 for the education of her son. While this sum is not now necessary because of the foster mother's wealth, its existence as a testimony to a mother's love and sacrifice will continue a helpful influence for the boy who was lost but found.

When Judge H. P. Samuel returned to his office yesterday after an absence of several days, he found a woman's engraved card on his desk and on the reverse side were the penciled words, "I have gone with my aunt to live at her home." The signature was "Harold Hickman" and these few words told the story of how the seemingly friendless lad of a few weeks ago had now found a place where the loving care to which he is entitled will be thru the years.

Miss White as principal of the David Prince school, has long been an active force in shaping the lives of boys and girls who come under her care and she was a helpful friend to Harold Hickman. Miss White was very reluctant to talk about the case last night but said that the genuine concern shown by Judge Samuel, Frank D. Kiloran and M. C. Hook had been the main factors in helping this well-born lad, who because of unfortunate circumstances came upon the borderland of wrong doing.

Leonard Hills was up to the town from Lynnville yesterday.

"EXCUSES" IS THEME OF EVANGELIST LA MANCE

Powerful Discourse Heard Last Night at Grace Church Revival Service—Young People's Social Hour Preceded Sermon

The theme of Evangelist LaMance at Grace church last night was "Excuses in Religion." The minister declared that the old stories of the Bible are as full of life and power today as in the days when Jesus told them to the listening multitude by the Sea of Galilee and along the Jordan valley. "Billy" LaMance, the Kentucky evangelist, has the faculty of making these stories live when he uses them to illustrate modern life. The sermon on Thursday night was based on the story of the great supper to which so many were invited and begged to be excused. The verses are found in the 14th chapter of Luke.

Mr. LaMance said it was natural for the people to make excuses for failure. When they fall anywhere to measure up to the things expected and required of them, some excuse must be found to justify the failure. He said he had seen athletes fail and then try to find an excuse for the failure. He said in part: "Most frequently it is a poor excuse which is offered, but of all excuses offered to justify failure, the excuses for religious failures are the most inexcusable."

"The Bible story to which I have referred shows the utter folly of such excuses. One man had bought a piece of ground and must go and see it, therefore he begged to be excused. Any real estate man knows it is not a safe proposition to buy a piece of land before seeing it. Another had bought 5 yoke of oxen and must go and prove them. I know quite well that no farmer in the Kentucky mountains would think of buying a yoke of oxen without knowing before hand just what he was getting. But this man in the parable had bought five."

"But the last man was the most foolish. He had married a wife and therefore could not come. If at any time one needs religion it is in starting a home."

"The old excuse of 'hypocrites' in the church is another one frequently heard. What if these are hypocrites in the church? That does not relieve you from the personal obligation to love and obey God's commands. The Republican can probably find a few hypocrites in his party but would he leave the party or refuse to vote on that account?"

Revival News Notes
The social hour for young people which preceded the service was a great success. More than 60 young people gathered for games and supper in the basement and everyone remained for the service. It is the plan to have the same program next Thursday, when it is expected the number will be doubled.

Prayer meetings were announced for this afternoon at 3 o'clock as follows: At the home of Miss Grace Filson, 507 North Church street, led by Dr. F. M. Rule; Mrs. A. G. Cody, Sandusky street, led by H. P. Mohr; Mrs. R. Fox, 517 West College avenue, led by Mrs. J. A. Vollrath.

The subject of tonight's sermon will be Jonah's Submarine Ride."

Boys' Wash Suits at \$1.25 and up.

THE ARMY STORE

MATRIMONIAL

Wilson-Angelo

A popular young couple of Jacksonville surprised their friends when Miss Kathryn Wilson and Mr. Floyd S. Angelo slipped quietly away the second day of March and were married.

Mrs. Angelo was formerly in the employ of Floreth Co.'s store and has many friends made by her charming personality. She is the daughter of H. H. Reynolds.

Mr. Angelo is a prosperous farmer and is the son of Mrs. Homer Winters. He has a host of friends all of which will wish the much happiness.

They are residing on a farm south of Jacksonville.

PHONE COMPANY IS GIVEN HONOR

The citation by the U. S. government of the Bell Telephone System for its services during the war period is a matter of interest to all the employees of that great company. The citation went to the president of the American Telephone and Telephone Co., but the action was of course a recognition of the loyalty and service performed by the company employees. This is the way the citation reads:

"For especially meritorious service in the prompt and patriotic action of its organization and its associated companies, in placing its personnel, equipment and facilities at the disposal of the war department. Through its hearty co-operation, the Signal Corps of the army was enabled to organize, with the splendid personnel contributed, sufficient battalions of signal troops to meet the early demands of the emergency. Its loyal support and the technical ability, intelligence and superb qualities of the personnel furnished, aided in a high degree in the phenomenal results obtained by the Signal Corps in the part it performed in the World War. And, for the efficient and satisfactory manner in which it assisted in providing and maintaining the communication service at home, notwithstanding adverse conditions such as had never before existed in the history of our country and the depletion of its technical force for service in the army."

Wm. Breeding, the well known chimney sweep, has returned to the city.

MRS. GATES LEAVES HOSPITAL

Mrs. R. A. Gates, who has been at Passavant hospital for nearly seven weeks, following a serious operation, is now so far recovered that she has been able to return to her home on West Lafayette avenue. Her daughter, Miss Louise

Gates, is here from the east to spend a number of weeks.

Let Us DEMONSTRATE in your home the EUREKA Electric Vacuum CLEANER

It gets all the dirt and not the carpet

The Eureka

Reduces Work and Saves Time

More Eureka Vacuum Cleaners sold today than any other cleaning machine of its type.

factory with an output of machines a day was necessary to meet the demand.

housewives the world over, by their preference for Eureka, have created this demand.

They appreciate the Eureka because it is an air cleaner and air is an ideal cleaning agent.

Brooms and brushes get only surface dirt. With the Eureka air is forced, or "sucked," thru the fabric into the machine, carrying all the dirt with it. The Eureka supremacy lies in the fact that its motor draws a larger volume of air at a greater velocity, hence it cleans deeper and more thoroly.

A demonstration in your home will explain this clearly and quickly.

DRESSED CHICKENS

APRIL FOOL'S DAY ANCIENT IN ORIGIN

Custom of Pranks on April 1st
Established Many Years Ago—
Observance Is General.

According to history and tradition this is "All Fool's Day." The "Bloomington Pantagraph" gives the following facts about the history of the day.

A "Feast of Fools" was held in the early spring by the Romans and the Hindus, since time immemorial, have celebrated a festival on the vernal equinox or first of April. During these festivities the chief amusement was to have been that of fooling people and sending them on fruitless errands.

Many students trace the origin back no farther than France in the sixteenth century. At any rate, the custom seems to have originated from France to England, as well as to Germany. If we are to believe what Grimes says about it, France was the first nation to adopt the reformed calendar which decreed that the year should begin on the first of January. Consequently those who objected to sending out their New Year's gifts and congratulations upon the newly chosen date instead of April 1, as they had done previously, subjected themselves to endless taunts for being old fogies by going on visits that had no meaning. The French call the victim of a prank on April 1, "un poisson d'avril," or "an April fish," of which our American slang, "you poor fish," is a good translation. The origin of the expression used in this connection probably arose in the obvious comparison between the person who "bites" unwittingly and the

April fish, which is a young fish, and therefore easily caught.

In Scotland, April Fool's day is observed, but under a slightly different name—the day for "hunting the gowk," or cuckoo, some few of us, who, in our unsophisticated days, have gone "snipe hunting" in this country, know how the fellow feels who "hunts the gowk," and realizes that to be called an "April Cuckoo" is not a compliment, that bird being a by-word of contempt in almost every land.

BIG CIGAR FACTORY WILL CLOSE DOWN TODAY

Announcement was made yesterday that the big cigar shop of McCarthy-Gebert Co., will close today for an indefinite period. A small number of cigarmakers and other employees will remain at work to take care of some special orders and to make shipment of goods already in stock. The slowing down of business made this action on the part of the management advisable, but both Mr. McCarthy and Mr. Gebert yesterday expressed the hope that the shutdown will not be for a long period.

Social Events

Fortnightly club met with Miss Cunningham. Miss Nellie Cunningham, 911 West College avenue, entertained the Fortnightly club Thursday afternoon. An unusually interesting paper on the "Social Life of the Puritans" was read by Mrs. H. L. Caldwell. Plans were made for next year's program at this meeting. The remainder of the afternoon was spent in a social manner.

Mrs. Harriet Hembrough Hostess to Asbury Aid

The Asbury Ladies' Aid held an all day meeting at the home of Mrs. Hannah Hembrough Thursday. There was a large attendance of members and a number of guests were present.

At the noon hour an excellent dinner was served. After the regular routine of business a short program was rendered. Miss Virginia Reynolds and Mrs. Rex Ranson each sang a solo. Mrs. George Newman read a splendid paper on Hospitality. The society adjourned to hold its next meeting with the president, Mrs. Alta Trotter, Thursday, April 2.

North End Thursday Social Club Met

The North End Thursday Social club held its regular monthly meeting at the home of Mrs. Roy DeFreitas. There was a large attendance and two new members, Mrs. William Cannon, Mrs. Clifton Gillis were added to the club. The greater part of the afternoon was spent in general conversation. A number of selections were played on the Victrola. Miss Beatrice Dye favored the club with several piano selections. Following the social hour, a course luncheon was served. The club adjourned to hold its next meeting with Mrs. R. L. Dye, April 14.

Gave Miscellaneous Rush for Mrs. McPherson

The Misses Helen Snyder and Effie Sheppard gave a miscellaneous rush in honor of Mrs. Roy McPherson, who was recently married. The vent took place at the home of Mr. and Mrs. J. L. Snyder, 435 East College avenue. The house was prettily decorated, a color scheme of pink and white being carried out. Music and games were features of the evening. Prizes were won by Misses Beatrice Dye, Helen Ogle, Gladys Waltman and Mrs. Roy McPherson. Mrs. McPherson was the recipient of many useful presents. At a late hour a three course luncheon was served by the hostess after which the company departed wishing the bride much happiness in her married life.

Mrs. Charles Martin Hostess to Missionary Society

Mrs. Charles Martin was hostess to the W. F. M. S. of Ebenezer church at her home on Lafayette avenue, Thursday afternoon, with a large attendance of members present. After the regular routine of business, a very interesting letter was read from Miss Kate Blackburn in Bulgaria, by Miss Martha Patterson. The program with Mrs. Edgar Martin in charge followed:

Vocal solo—Mrs. Clyde Black. Reading—Miss Martha Patterson.

Instrumental Solo—Mrs. Fletcher Blackburn.

Story—Mrs. Ed. Williamson.

Instrumental duet—Mrs. Carl and Mrs. James Martin.

Mrs. Eula Martin conducted the mystery box.

A quartet composed of Mrs. James Crum, Mrs. Arch Bridgman, Mrs. J. C. McFillen, and Miss Ella Blackburn favored the society with a number of songs. During the social hour light refreshments were served.

Westminster S. S. Class Members Entertained

Members of the Mrs. W. S. Jones class of Westminster Sunday school were entertained last

BOLD HOLDUP STAGED AT ALTON STATION

Two Bandits Stickup Agent H. D. Capps and Secure \$55 in Cash—Overlooked \$300 in Safe Near By.

H. D. Capps, night agent of the Chicago and Alton, never knew how the business end of a gun looked until Thursday night.

Then it was demonstrated to him by two holdup men, who stuck him up and robbed the cash drawer of \$55. However, the robbers overlooked the best bet in the safe a few steps away that was unlocked, contained \$300 and could have been rifled with but little trouble.

The holdup occurred between 8:40 and 9 o'clock, some time after the passenger train had gone south, and the station was deserted at the time Agent D. C. Diltz had been at the station and he and Mr. Capps had been talking and commenting on the fact that it would be easy to hold up almost any railroad ticket office in the city. It was only a few minutes after Mr. Diltz left that Mr. Capps had an illustration of how easy it was.

Told Him to Stick 'Em Up

After the departure of Mr. Diltz Mr. Capps started to finish up some work on his books. There is a door from the platform into a small entry where trainmen receive their orders and sign for them. This was open, and Mr. Capps heard a voice say: "Put up your hands, Buddie." He did not even turn around at the first command, thinking it was some one joking.

However, on the second command Mr. Capps did turn and found himself gazing into the front end of a revolver. Mr. Capps said the gun was not large, but it looked large just at that particular time, and he elevated his hands in a hurry.

The robbers proceeded to rifle the cash drawer, taking from it about \$55, and disappeared without looking further or even trying the safe.

Notifies Officers

Immediately on their leaving Mr. Capps got in touch with the police station and the sheriff's office and a search was begun. However, no trace of the bandits could be found and it is the belief of the officers that they got out of town on some freight train.

There was a freight south on the Burlington a few minutes after the holdup. Later E. J. Christopher, night operator at the local Burlington station, reported to the police that two men were seen in a box car on this train as it passed thru Waverly.

Mr. Capps was unable to furnish much of a description of the men, except that one was tall and the other short, and they were roughly dressed. The men wore no masks and Mr. Capps believes he would be able to identify them.

Suspects Held at Beardstown.

At an early hour this Friday, freight. They told the Beardstown arrested two men who were riding a Burlington north bound freight. They told the Beardstown police they got on the train at East St. Louis but the conductor said they got aboard the train at Concord.

The men answered the description of Mr. Capps in that one was tall and the other short and they were roughly dressed. The men were locked in the Beardstown station and the Chief of Police told the Journal over the telephone last night that he would not examine the men until some time today.

At the home of Mr. and Mrs. Baird Gunn, in the Liberty neighborhood. The trip to this pleasant country home was made by automobile, the company including about 25 persons.

A candy pull was one of the most enjoyable events of the evening, and there were also games and contests of various kinds. The serving of delicious refreshments brought to a close a very pleasant evening.

The company included Dr. and Mrs. T. W. Smith, Mrs. J. Marshall Miller, Mr. and Mrs. Paul Gilbert, Mrs. Wheeler P. Davey of Schenectady, N. Y., Misses Katherine Barr, Mary Annette Seibert, Irma Seibert, Dot Diltz, Mabel Thonle, Bess and Grace Hadden, Lotta Tendick, Miss Fitzgerald, Mrs. W. S. Jones, Paul Jones, Harvey Gunn.

This class is one of the most recently organized at Westminster, but it is already making its influence felt. The members are keenly interested in the Sunday school work and are finding Mrs. Jones a very capable teacher.

SOME INTERESTING WEATHER COMPARISONS

George H. Hall of Alexander yesterday gave some interesting comparative weather data. He said:

In looking back, we find March, 1910 is the nearest in comparison with March 1921. That year the mean temperature was 52°, or 10.5° above normal, the highest being 88° on the 23rd and the lowest 17° on the 15th. Total rainfall .04 inch and it fell on the 30th. There were 4 other days with only a trace of rain. No snow.

A rainy day, 19 clear, 9 part cloudy and 3 cloudy days. In April 1910 we had snowfall on 16, 17, 18, 23, 24, 25th, making a total snowfall of 2.5 inches.

On the 23rd trees were in full leaf and bloom which were all frozen dead.

In May following, killing frost on the 4th (32°) and 5th (34°). Total rainfall, 5.25 inches.

Funerals

Wheeler.

There was a very large assemblage of friends and relatives at the funeral of Mrs. George A. Wheeler, which was held at Hebron Methodist church Thursday morning at 10 o'clock. Mrs. Wheeler had been widely known in both Morgan and Scott counties and the cortege that moved from the church to the Yatesville cemetery was one of the largest that the Sinclair community has seen in years.

The funeral was in charge of Rev. W. R. Johnson of Winchester, a long time friend of the Scott county family of which Mrs. Wheeler as Edith Peak was a member. The minister referred to the self-sacrificing spirit of the deceased and her unending desire to be of service to the members of her family and her friends. He said that there was no question about the reward for such a life, and that the finest test of Christian character is that of unselfish service.

Music was furnished by the church choir. There were many beautiful floral tributes and these were cared for by Mrs. Strawn, Mrs. Cox, Mrs. Hunter, Mrs. Bealmer, Mrs. Wilson and Miss Rachel Scott. The pallbearers were County Commissioner J. E. Osborne, Circuit Clerk Frank E. Wanamaker, Thomas Fox, Frank Green, E. E. Hart and H. C. Clement.

Boys' Wash Suits at \$1.25 and up.

SAYS SHE IS CURED OF BREAST CANCER

Herrin, Ill., Woman Tells of Healing by Dr. O. A. Johnson, Noted Specialist, of Kansas City, Mo.

After being treated for cancer of the breast, without the use of the knife, Mrs. Robert Nelson, Herrin, Ill., wrote as follows to Dr. O. A. Johnson, noted cancer specialist of Kansas City, Mo.:

"Your treatment and skill has meant so much to me that I want to tell others about it.

"At the time I went to you I was afflicted with a large cancerous growth in the breast, of about two inches wide and six inches long. The disease had been developing for about three years, and it had reached a stage where it was causing me a great deal of suffering.

"After you had made a thorough examination of my case, I did not feel very much encouraged when you told me that it had developed to such an extent that you would have to place me in the doubtful class. However, I did appreciate the fact that you wanted to be honest with me and did not want to hold out false hopes for a cure. "I am glad to be able to say to you and to the world today, that so far as I am able to tell at this time your treatment of my case was a complete success."

The above was written to Dr. O. A. Johnson, Suite 565, 1324 Main St., Kansas City, Mo., the physician who treated Mrs. Johnson so successfully. Dr. Johnson is perhaps the best informed man in the United States today on cancer. He conducts a large institution for the treatment of cancer, in connection with which is also maintained a laboratory for scientific cancer research. Thousands of cases have been investigated and treated in the past twenty years. This treatment is entirely non-surgical. Purely medicinal measures only are employed; that is, external applications to destroy the cancer and internal medication to purify the blood.

Dr. Johnson has published a most interesting book called "Cancer Truths," being a statement of his theories and experiences in treating cancer. This book will be sent gladly to any cancer sufferer, or if you have a friend afflicted with that disease, get the book for him. Simply address Dr. O. A. Johnson, Suite 565, 1324 Main St., Kansas City, Mo.—Adv.

FIRST GIRL JUNIOR STATE FIRE MARSHAL

Miss Louise Buss of Springfield, Has Distinction of Being First Girl to Serve as Junior Fire Marshal in Illinois.

Springfield, Ill., March 28.—(By A. P.)—Miss Louise Buss, a second year student at the Lucy Flower Technical high school of Chicago, has the distinction of being the first girl appointed a junior fire marshal in Illinois.

Her appointment comes through a plan recently adopted by State Fire Marshal John C. Gamber to name a junior fire marshal in each high school interested in fire prevention work.

"Miss Buss was recommended by her principal, Miss Dora Wells, and I was very glad to appoint a girl," said the state fire marshal. "We find that when women are interested in fire prevention they are very insistent about schools and public buildings in their communities being fully safeguarded."

To date 25 junior fire marshals have been appointed. Twenty-one of these are in Chicago, where fire prevention work is well organized under the Civic-Industrial clubs conducted in the high schools, with the aid of the Chicago Association of Commerce.

Reports just received from the junior state fire marshals indicate that practical work of real value is being done, said Mr. Gamber. In practically every school the juniors have taken entire charge of the fire drills. In some cases, where fire drills have been abandoned, they have prevailed upon principals to renew them.

William C. Bratton, junior fire marshal at Wendell Phillips high school, Chicago, has chosen 20 picked boys, each of whom takes a station at a particular door when the fire gong rings. Any pupil who violates discipline during a drill is taken before him by these boys and later to the principal.

Bratton also has organized an emergency squad of eight members, pledged to go at any time to remove a dangerous condition in the district which it is advisable or possible for the boys to handle.

Gordon Stubbe, at the Lincoln high school in Chicago, has worked out an entirely new plan of fire drill, assigning certain sets of rooms in certain stairways. He criticized the old drill and the principal put it up to him to devise a better one.

Downstate, Emory Pratt, in Kankakee, has had a hazard remedied in the chemical laboratory. Junior fire marshals so far appointed in Chicago schools are:

Austin, Corwin Van Housen; Bowen, George D. Byas; Crane, Edward W. Enthor; Englewood, Ellery Beal; Fenger, Arthur Laederach; Harrison, S. C. Blaw; Hibbard, Leo Brooks; Hyde Park, L. N. West; Lane, E. Brelsford; Lindblom, George Stubbe; Marshall, Leonard Seidman; McKinley, George D. Anagnos; McDill, Sol Weinstein; Morgan Park, George Downing; Packer, G. W. Sullivan; Phillips, William C. Bratton; Schurz, Roy Tibbitts; Tilden, Maurice Gleason; Tuley, Thomas Matthews; Senn, Smith Cady; Flower, Miss Louise Buss.

Downstate junior fire marshals are: Jacksonville, Leonard F. Crabtree; Kankakee, Emory Pratt; Morris, Roland Goldreich; Stewardson, Edmond Mletzner.

ALL BUT ONE OF PRIZES AWARDED

Seventh Biennial Competition for American Composers Is Settled—Award for Chorus of Untrained Children's Voices Not Yet Made.

Columbus, O., March 26.—(By A. P.)—All but one of the prizes in the seventh biennial prize competition for American composers of the National Federation of Music Clubs have been awarded, it was announced here today by Mrs. Ella May Smith of this city, chairman of the American Music section of the national committee, who made known for the first time the names of the prize winners.

The grand prize of \$5,000 was won by Pauline Arnoux McArthur of New York and Henri, Pierre Roche, New York, for a setting of the "Apocalypse," an oratorio. The prize was offered by the National Federation of Music Clubs. Cello solo prize of \$100 was won by Lloyd Loar of Kalamazoo, Mich. The title of his work is "Nocturne." The prize was offered by the St. Cecilia society of Grand Rapids, Mich., as a memorial to Mrs. Charles B. Kelsey, a former president of the National Federation and of the St. Cecilia society.

Violin solo prize was won by Irene Berge of New York, with a composition entitled "Romantic Andante." The Musicians' club of Women of Chicago made the award. Alexander McFadden of Milwaukee, Wis., was given honorable mention.

William Middelschulte of Evanston, Ill., was awarded first honors in the organ solo class, with a work entitled "Chromatic Fantasie and Fugue." Honorable mention was accorded "Ecstasy," by William Webbe of Summit, N. J. The St. Cecilia society of Grand Rapids offered this prize, also.

Mrs. Bessie Whiteley of Brooklyn, N. Y., won first honor in the competition for a song, with "The Shadders," a poem by Frank R. Stanton. This prize was offered by Mrs. J. R. Custer of Chicago, in perpetuity, the conditions being that the composition must be written by a woman and also a member of the National Federation.

Honorable mention was accorded Mrs. Gladys Pettit Burnstead of Columbus for a song, "Such a Starved Bank of Moss," a poem by Robert Browning.

Each of the prizes was \$100. No award was made in the "chorus for untrained children's voices" competition, for which a prize of \$100 had been offered by Mrs. Frances Elliott Clark of Philadelphia, who will continue the prize for the next competition in 1922.

The competition opened October, 1920, and no manuscripts were accepted after December of that year. Since that time, the judges have been going over the offerings.

Mrs. A. A. Curry and Mrs. A. E. Curry were shoppers in the city from Piquette yesterday.

I am reducing all prices on gang and sulky plows, disc harrows, corn planters, cultivators, until present stock is exhausted. 15 per cent off from my present selling price. W. E. Murry, Literberry, Ill.

Louis Horen, manager of the Army Store, returned from a business trip to St. Louis yesterday.

NICARAGUAN VILLAGE VISITED BY SEAPLANE

Inhabitants Never Saw One Before—Were Frightened and Hid in Woods.

San Juan del Sur, Nicaragua, March 24.—(By A. P.)—There are even yet in remote parts of the world people who never even heard of an airplane. Some of these people live in the little Nicaraguan village of Gigante, where the naval plane NC-6 was forced down by a hurricane while on its flight from San Diego, Cal., to Panama, along with about a dozen other planes, in January.

The thought the NC-6 was a huge bird, an albatross, which had come in search for some unfortunate mariner who had offended it, and they hid in the woods for several hours.

Near the little cove where the NC-6 came down are two ranches. After the Associated Press correspondents had found the missing NC-6 he visited one of these ranches and asked the women if they had seen the plane arrive. One of them replied:

"Mio Dios, I should think so. At the sight of the horrible thing skipping over the white caps, without flapping its wings and spitting fire from both sides of its body and roaring like 20,000 bulls, we all took to the timber, where we remained for about four hours. We only came out when we saw a foreign gentleman passing near where we were hiding."

The women added that before the great war, when sailing ships used to visit the Nicaraguan coast to load mahogany and cedar, the captains had told them of a wonderful bird called the albatross, that was an inhabitant of the southern seas, and they supposed this bird had come after some of the sailing ships.

FORCED TO QUIT JOB HE HELD TWELVE YEARS

Peoria Man Suffered Break-down in Health—Takes Tandac and Now Feels Great—Weights 20 Pounds More Than He Ever Did

"It's a fact, I actually weigh twenty pounds more than I ever did in my life, never felt better, and Tanlac is what brought it about," said A. A. Pemberton of 1507 Monroe St., Peoria, Ill., head machinist at the plant of the Holt Manufacturing Co.

"I've a right to praise Tanlac for the good it has done me. After I got so down in health I had to give up my job at the plant, where I'd worked for twelve years, but Tanlac helped me to get my job back by putting me in shape to where I could go to work again. My troubles started about five

years ago with loss of appetite and stomach trouble. I grew worse all the time and finally got so the lightest kind of a meal would cause me no end of suffering, such as cramping spells, palpitation and choking sensations.

"The keenest kind of pains in my back, over my kidneys, nearly set me wild. Then rheumatism set up in my joints and my misery was fearful. My circulation got so bad and I was in a cold, clammy sweat most of the time. All the time I lost weight and strength.

"I read how Tanlac was helping other people, bought a bottle to try, and I noticed right away a big change in my condition and kept right on taking it. I am a well man now, have no aches, pains, nor troubles of any kind. I'm always happy when I get a chance to speak a good word for Tanlac."

WHITE HALL SENIORS WILL ISSUE ANNUAL

High School Publication Will Give Interesting Facts About Year's Activities — Is First Attempt to Publish an Annual in White Hall.

White Hall, March 30.—The Seniors of the high school are going to issue an annual this year, containing write-ups of all the school activities, pictures of the graduates, class pictures, pictures of all the athletic teams, cartoons, etc. It is the first attempt of any high school class here to publish an annual. However, the class has met with great success in securing subscriptions and advertisements, and it is believed a book will be issued each year. The book, which will contain 100 pages, will be entitled, "The Echo." The book will go to press in about two weeks and will be ready for distribution about the middle of May. "The Echo" staff is as follows:

Editor-in-Chief—Ruth Garrison.

Literary Editor—Frank Ross.

Athletic Editor—Hugh Greer.

Art Editor—Russell McClure.

Organization Editor—Irene Spangenberg.

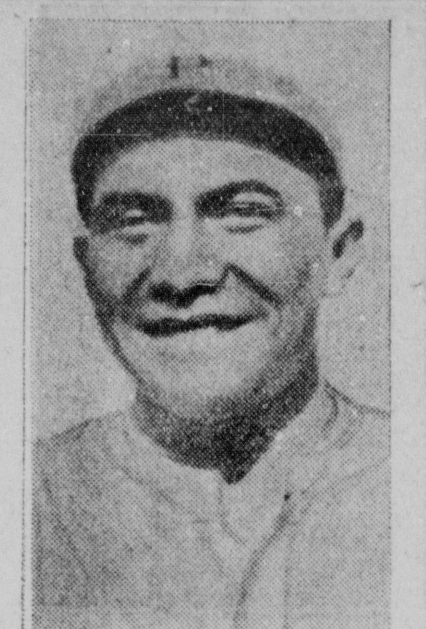

Advertising Editors—Paul Bauer and Russell Knox.

Circulating Editors—Arthur Billings and Helen Teter.

Photo Editor—Ernest Edwards.

Business Manager—Russell Jones.

Humorous Editors—Kathryne Hausberger and Marie Hanks.

ONLY INDIAN IN BIG LEAGUES

KANSAS IMPROVES HARVEST HANDS' LOT

Kansas City, Mo., March 31.—(By A. P.)—Realizing the need of looking after the welfare of the army of harvest workers who invade the wheat regions for a short season, agriculturalists and sociologists in Kansas are devising means for making the lot of the harvest hand easier.

Harvest laborers who come to the Kansas wheat fields next summer will be accorded treatment due a guest of the state, according to announcement of the Kansas State Agricultural College co-operating with the Methodist church.

Harvest labor centers, where harvest hands strange to the community, may secure the ordinary comforts any transient requires, will be established in every important town and city in the Kansas wheat belt under the announced plan.

Stations were opened in several communities last year, and it was reported they resulted in a better satisfied class of laborers and less petty crime than in former years.

In one town the first floor of the county court house was fitted up as a rest room and at another a tent was erected for the purpose. A church basement was used in another town.

MAKING OF GOOD CLOTH ONLY REMEDY

Compulsory Labeling of All Wool Cloth is Only Thing That Will Protect American Sheep Husbandry.

Chicago, Ill.—That neither an embargo, nor a tariff, would prove an effective protection for American sheep husbandry without the compulsory labeling of "all wool" cloth thru the enactment of the French-Capper Truth in Fabric bill was the declaration made today by Alexander Walker, president of the National Sheep and Wool Bureau of America, No. 23 East Jackson boulevard, Chicago. Mr. Walker, in discussing prospective national legislation, said:

"Our wool growers have to fear a menace even greater than that of foreign wool. It is unidentified shoddy, which is sold as virgin (new) wool under cover of the terms, 'all wool' and 'pure wool.' While reworked rags are permitted to be sold as virgin wool, an embargo or a tariff to keep out foreign wool can do more to protect our wool growers than can a fence to keep out foxes protect a flock of chickens, while a colony of weasels are permitted within their enclosure.

"The French-Capper Truth in Fabric bill failed when the last congress adjourned, but Senator Capper and Representative French have arranged to introduce it again as soon as possible after congress resumes work. This measure purports to force all foreign and domestic fabric manufacturers to stamp their cloth entering our interstate commerce with its content of virgin wool and of shoddy. The unidentified use of shoddy turns the wool growers' natural market over to the rag pickers. No industry, whose product may be counterfeited and undetected, can long survive. We have no industry more important than sheep husbandry. To permit it to be wiped out and to force the United States to depend on foreign countries for her wool supply would both entail an enormous economic loss and place us in a position of grave peril in time of war.

"Without the use of shoddy three times the amount of virgin wool that is produced annually would be required for the manufacture of the cloth that is turned out as 'all wool' or 'pure wool' from year to year. Yet, though the world produces only a third of the virgin wool per annum that is actually needed, even what is produced is not used, being crowded out by shoddy. "Without the protection that would be afforded by a Truth in Fabric law, a tariff on wool cloth would tend to cause foreign fabric manufacturers to use an increasing amount of shoddy to compensate them for the duty they would have to pay to get their cloth to our markets. This, in turn, would tend to cause our fabric manufacturers to use an increasing amount of shoddy to enable them to meet foreign competition.

"Huge quantities of virgin wool are lying in the world's storehouses waiting to be dumped into the United States. The rate of exchange and our ability to pay place a high premium on the dumping here of the world's surplus wool. Further, wool can be produced abroad for a third of the cost of production here. Even though it would cause some inconvenience to manufacturers and others, an embargo on wool would be justified by the aid it would afford toward preserving our sheep industry. An embargo or emergency tariff is certainly needed to prevent the dumping of foreign wool on our market until a permanent tariff, adequate to protect our wool growers, is operative."

STRAWN'S CROSSING ELEVATOR MEETING

A called meeting for annual business of the Strawn's Crossing Elevator Co., will be held at the court house Saturday, April 2, at 1:30. All are earnestly requested to be present as this is final. If impossible to be present send proxy. Stamps will be furnished by the company.

W. M. CLEARY, Pres.

SMALLEST BIBLE IN WORLD

Green Bay, Wis., March 31.—(By A. P.)—Probably one of the smallest Bibles ever printed is in the possession of George J. Minor of this city. The Bible was presented to Mr. Minor by an old Scottish woodsman, who spent years in the north woods, in exchange for a meal.

The miniature book contains 875 pages and is one-eighth inches wide, one-quarter of an inch thick and three-quarters of an inch long. The Bible contains both the Old and New Testaments, aside from a wood cut and two oratory matter and a facsimile of the original grant of both houses of Bryce, printed over the signature of King James and Queen Elizabeth.

A small gold case houses the Bible. The case is in fair condition, though worn from its constant use. A small space on the front of the case once held a magnifying glass through which could be seen the front cover of the Bible bearing the words, "Holy Bible." The scripture can be read with the naked eye, provided the eye-sight is good.

Harold Zachary was a Thursday caller from west of the city.

Mrs. William Beekman was a Thursday guest from Pisgah.

MOTHER'S FRIEND

For Expectant Mothers
USED BY THREE GENERATIONS

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.

DR. A. C. PIERSEL TO SUPPLY AT URBANA CHURCH
Dr. A. C. Piersel of Illinois Wesleyan University, well known to many local Methodists, will serve as supply of the First Methodist church in Urbana until the annual meeting of the Illinois conference, which is to be held in this city in September.

Dr. Piersel was formerly pastor of the church and various efforts have been made by the members to have him return, but he was unwilling to give up his work at Bloomington.

Dr. Walter Aitken has been the pastor of the Urbana church but resigned some months ago, in order to enter upon a larger field of work in Lincoln, Neb.

Always Use
American
Hammered
Piston Rings

"The London Engineer," of London, a recognized authority, says:

"The best way of getting gas-tightness is to obtain a ring properly calculated and properly manufactured, of high tensile cast iron, fitted to make a close joint in the cylinder under working temperature, and hammered to give even radial distribution of pressure."

Every American Hammered Piston ring is hammered when cold, by our exclusive patented Automatic machines, creating the permanent, outward tension, by compressing them under the ball-point hammer marks. This assures "even radial distribution of pressure." Heat not being used to obtain this tension, heat cannot take it away.

Gas-tightness in the cylinders of your motor will save Gas, Oil, and Increase Power.

Oldsmobile

Oversize and Power at
Low Cost
23rd Year

When you want to use it, you will be agreeably surprised to find a surplus of power in the Oldsmobile Four that will carry you thru any emergency of road or traffic.

And that the tonneau has actually as much space as some seven-passenger cars.

The reason is that the Oldsmobile Four was designed deliberately for the average American family,

who like a moderately priced car of size and power beyond what they normally need.

And it is also built to endure so stoutly that the pleasure of the final cost of the extra service will eclipse even that of its attractive purchase price.

It will well repay your time to let us show you why the Oldsmobile Four is so readily accepted as a better value.

Back To Old Price Goes Drego
Just As 'Spring Tonic Time' Comes

Your Favorite Remedy is Now Sold at "Before War" Price
—Announcement Comes Right When You'll be Buying Medicine to Clean Out Your System

Just at the time many people will want to take a good medicine to clean out their systems and tone up the vital organs, the announcement comes that the old reliable remedy, Drego, favorite in thousands of families, is back to "before the war price." This makes it economical enough for everyone to take a full treatment of this splendid medicine.

Drego is the same medicine of which Mrs. Almira Carlisle said, "I had pneumonia which left me weak, pale and thin. I became nervous, I'd roll and toss all over the bed, not able to sleep. My bowels were constipated and my kidneys annoyed me day and night by being too active."

"I took a treatment of Drego and it is remarkable how I improved on it. Very soon my bow-

els became regular, kidneys were strengthened, my nerves quieted down so that I'd sleep all night long and my appetite grew daily. I've gained weight and strength until today I'm feeling as well as I ever did in my life."

Drego builds up the whole body and strengthens it, clears the blood of poisons and impurities, stimulates the liver into healthy action, corrects constipation and clears the system of malaria and biliousness. Women who have spells of depression and blues, poor circulation, hot flashes, numbness, no appetite, sleep badly and are pale and listless find in Drego just what they need.

Drego is being especially introduced by Coover Drug Co. and J. F. Shreve in Jacksonville, Ill., and sold by all druggists.

Gossip of Sport Activities

Detroit, Mich.—Outdoor athletics will be made compulsory for every student at the University of Michigan if plans now being considered by the University board of regents are carried out. Announcement was made here by James O. Murfin of Detroit, a member of the board.

Under the proposed plan no student would be permitted to graduate without having taken a course in outdoor athletics.

Attention of the regents was called to the need for physical development of students by examination of young men for service during the war, Mr. Murfin said. Athletic participation would be required on the part of both men and women students, it was said. The work would be carried on under supervision of the new physical department of the university.

Mr. Murfin announced he was endeavoring to interest other universities and colleges in a plan whereby college athletes would not be barred from college games because of participation in professional sport.

The proposal provides grouping of athletes into three classes, amateur, professional and college. He declared it was unfair to deprive a student of the opportunity to earn money to finish his college career by barring him from engaging in professional contests.

"College competition would be keener, the atmosphere surrounding college athletics would be purer, and there would be fewer liars," he said. "No one school could put this thru alone but I hope the Western conference will take action."

Sioux City, Ia.—The Sioux City Western League team, which is in training at Independence, Kans., will be picked from the following roster:

Pitchers—Andrew Schmalz, Winfield, Kan.; Ray Dickson, Boulder, Colo.; James Harrison, Sioux City; Herbert Manouk, San Francisco; Neil Burdick, Herman, Neb.; John Russell, San Mateo, Cal.; I. Peterson, Burlingame, Calif.; Kenneth Martin, Topeka, Kan.; Paul Fiske, Chicago; Joe Lotz, Remsen; Sidney Stewart, Chicago; James Bishop, Montgomery City, Mo.; Russell Ross, Swissvale, Pa.; D. H. Davis, Ray, Ariz.

Catchers—Eddie Spellman, Omaha; Al. Wallin, Oil Hill, Kan.; Charles Graham, Oakland, Cal.

Infielders—Frank Metz, Seal Beach, Cal.; Eugene Steinbrenner, Pittsburgh, Pa.; Roy Brown, Peoria, Ill.; Ed Lawson, Pueblo, Colo.; Nick Urban, Enid, Okla.; Clifton Marr, Corning, N. Y.; Joe Robinson, Braggs, Okla.; Jack Goldie, San Francisco; George

Crouch, Dallas, Tex.; Alfred Harbor, Altoona, Pa.

Lawrence, Kan.—McCook's Field is being heavily trod upon these days with the Kansas University's outdoor track athletes preparing themselves for their spring schedules. They are singing a parody on a popular air to the tune "Wait 'til we get 'em out in the air boys," and Coach Carl Schladehan says the close score of the Missouri-Kansas dual meet at Kansas City recently only served as an incentive for harder practice among his aspirants for track and field honors.

Four events have been added to the program this season. Three are field events—the javelin throw, the discus and the broad jump—and the other is the 220-yard dash.

Captain Everett Bradley expects his knowledge of the javelin, gained in the last Olympic games will improve his form, and he is imparting some of his pointers to Ed Sandefur, K. U. shot putter. Bradley has considerable broad jump experience, and is out to make a showing in this event. He and Sandefur are Kansas' hopes in the discus.

The 220-yard dash is not especially welcomed by the Kansas squad, Coach Schladehan said, but nevertheless Paul G'Leary, Kansas University quarter-miler, and "Red" Pierson are putting forth their best efforts in this event.

Kansas' schedule of outdoor meets is as follows:

Oklahoma U. at Norman, April 19.
Drake Relays, at Des Moines, April 23.
Penn Relays at Philadelphia, April 28-30.
Nebraska U. at Lincoln, May 7.
Kansas Aggies at Manhattan, May 14.
Missouri U. at Lawrence, May 21.
Missouri Valley at St. Louis, May 27-28.
Big Ten meet, at Chicago, June 3-4.

Kenosha, Wis.—Pal Moore, the Michigan bantamweight, and Jimmy Kelly of Chicago, will meet in a ten round contest here April 7. It will be their second encounter, Moore having won the first by a shade.

Kansas City, Mo.—Three generations of the family of Miss Miriam Burns, 17 years old, who won last year's women's city championship here, are enthusiastic golf players. Miss Burns' mother, Mrs. C. S. Burns, spends much time on the links, and her grandmother, Mrs. A. F. Beery, is quite as active a player. Mrs. Beery, indeed, frequently outplays her daughter.

Miss Burns had been entered in only one previous tournament when she won the city championship here last summer. Incidentally she established a new record for women for the eighteen hole course at the Mission Hills club where last year's tournament was played, making the course in 88. Miss Burns played in the national women's tournament at the Maywood club, Cleveland, Ohio, last October, but was eliminated before reaching the finals. She expects to enter several tournaments this year.

While Mrs. Burns and Mrs. Beery have not taken down any championship honors, they are enthusiastic and constant players. Indeed, during a rain storm last summer, when Mrs. Burns and her daughter had abandoned the links for the shelter of the clubhouse, some one asked where Mrs. Beery was.

"Oh, she's still playing," Miss Burns explained, "grandmother said she wouldn't stop for a little shower like this."

St. Louis, Mo.—A school for caddies will be opened at the St. Louis Country club this year, and failure to attend will mean new faces at the caddy shack.

The curriculum will consist of golf rules, golf ethics and golf morals. The boys will be divided into three groups—A, B and C, and when one of the kit-carriers has proven his capability in one class, he will be graduated into the next higher one. Instruction periods will be held twice a week, under John A. Twiss, caddy-manager, recently brought to the local club from the Essex Country club, Manchester, Mass.

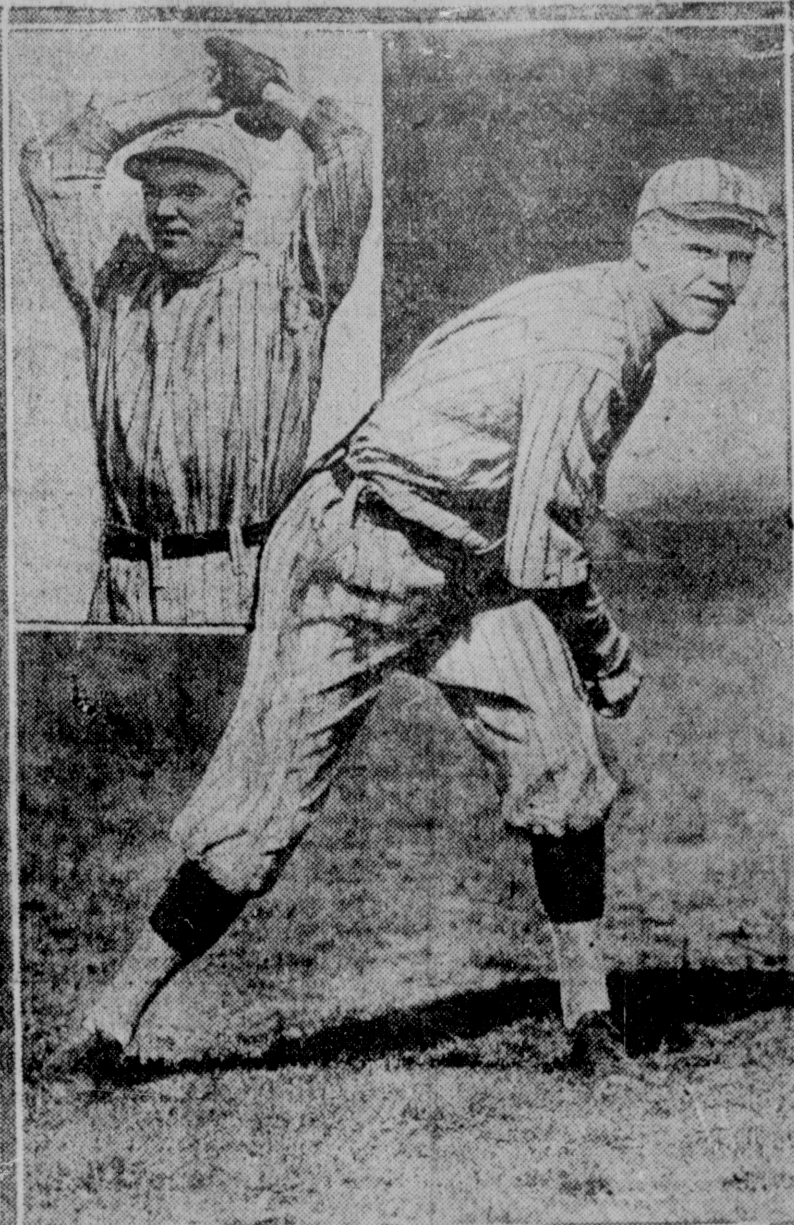

St. Louis, Mo.—Harry Wills, of New Orleans, and Jack Thompson of Denver, will meet in an 8-round no-decision bout here April 8. They are negroes. Wills is considered one of the contenders for the heavyweight championship.

Springfield, Ill.—Announcement of a "Derby Day" to open the week's program of horse racing at the Illinois fair August 19 to 27, has been made by the new general manager, W. W. Lindley.

It is Mr. Lindley's plan to start the speed program off with a day of big races, a Derby day.

With this Mr. Lindley also announced arrangements for hurdle races, a feature altogether new to the state fair track. The program, he said, has been prepared by W. O. Ireland of Peoria, the superintendent of speed. A purse of \$25,000 will be offered \$3,000 each for a 2:09 pace and a 2:09 trot.

Entries will close on eight of the speed events on Tuesday, May 24. These eight races, with the prize money offered, will be as follows: 2:06 pace \$1,500; 2:09 pace \$3,000; 2:15 pace \$1,500; 2:20 pace for three year old \$500; 2:09 trot \$2,000; 2:14 trot \$1,500; 2:20 three year

EXPECTED TO STRENGTHEN GIANTS' PITCHING STAFF
Bill Ryan, left, and Pat Shea, right, who came to the New York team from the International League and are likely to win regular berths with the team.

old trot \$800; and two year old trot \$600.

Eight other races will be held open for entrants, until August 8. These eight will be four pacing and four trotting races.

W. E. Murry was a business caller in the city from Liberty Thursday.

NU-BONE

Corsets are a superb combination of all the desiderables without one compromise! There is no sacrifice of style to make way for comfort—no abridgment of comfort to achieve style—no cheapening of quality to meet price. They are the twentieth century answer to the demand for perfection.

Nu-Bone Corsets are made to measure—also kept in stock. Call, write or phone without obligation on your part for information or appointment.

Because we have been able to secure a long time lease on a building in Decatur, it has been decided that our Jacksonville store will be moved to that city in the near future.

While we have enjoyed a good business here the directors of the firm advise us that in the future Kinney stores will only be operated in the larger cities.

WE THANK YOU

for your patronage and offer still bigger values for the few remianing days.

We are operating 95 big busy shoe stores in big cities.

G. R. KINNEY CO.

44 N. Side Square INC. Jacksonville, Illinois

We Wish to Express
Our Appreciation

Of the manner in which the public responded to the announcement of the Formal Opening of our New Men's and Young Men's Store, and to our invitation to call and inspect the various lines of high grade merchandise stocked.

We announced this would be a store where also the ladies who shop for their men folk, or who wish to purchase gift articles, would find the ones best suited to the purpose and be given every possible assistance in making their selections. We appreciate the fact that many ladies called Opening Day, and the many words of commendation said to us with reference to our effort.

We shall at all times carry a complete line of Men's Goods of high quality and latest styles—Suits, Overcoats, Hats, Caps, Shirts, Ties, Hose, Etc., Etc.

LOST CITY BEING UNCOVERED IN MEXICO

Flourished More Than 4,000 Years Ago—Many Valuable Archaeological Objects Uncovered.

San Juan De Teotihuacan, Mexico, March 25.—By The Associated Press.—Prospecting for the habitations of a lost race in virtually the same manner as miners dig for gold, federal employees here have just started to uncover the remains of a city of at least 100,000 inhabitants which flourished 4,000 or more years ago. Here and there over the confines of the buried city have been sunk shafts to find streets, houses and temples known to exist below the level of the mountain valley in which lies the little village of San Juan de Teotihuacan, the name which means in the Aztec tongue "City of the Gods."

The Mexican government has appropriated funds for this work of excavation which is in charge of Manuel Gamio, director of anthropology of the department of agriculture. The government hopes eventually to make the spot one of the show places of Mexico.

Dominating the area are the two pyramids, one to the Sun and the other to the Moon, which for centuries have defied the efforts of archeologists and historians to trace their origin. The pyramid to the Moon is still untouched, retaining an appearance to the lay eye of a huge mound of irregular shape, overgrown with grass and rubbish.

Senor Gamio says the city now under excavation at one time covered an area of 15 square miles with a population of more

than 100,000. Its builders are unknown to history but, Senor Gamio believes they were a portion of an Indian tribe which wandered into Mexico from the north, and finding the valley fruitful and the climate salubrious, decided to settle.

The presence of volcanic rock as one of the top strata covering the ruins indicates that one of the nearby mountains erupted and inundated the city with lava.

Entry to the grounds is made facing the "Temple to the Goddess of the Winds," which was discovered less than a year ago, when erosion uncovered well defined walls and decorations typically Indian and Egyptian in their conception. This temple has now been dug out and reconstructed on the exterior. The inside is reached at present thru a series of subterranean passages. Inside, the visitor treads over massive stairs with ornate decorations of huge serpents with obsidian eyes and grotesque conceptions reminiscent of Egyptian art. The work of interior excavation and reconstruction is far from complete.

Paint Bright on Houses. Between this temple and the pyramid to the Sun is a stretch of one-quarter of a mile and in some places by the uncovered remains of a house or public building with the paint still bright and the frescoes as intact as the day they were placed there several thousands of years ago.

Between the two pyramids is a well defined plaza on one side of which a street has been uncovered known as the "Path of the Dead." Flanking the plaza are hundreds of mounds which Sr. Gamio assured the correspondent contained either houses or temples.

Immense stores of valuable archeological material have been taken from the various excavations. Human bones, terra cotta heads, obsidian knives, arrowheads, children's toys of clay cooking utensils, immense burners and crude musical instruments form the bulk of the find and all are preserved in a museum which has just been erected on the grounds.

The two pyramids, however, are the dominant structures of the city. The pyramid to the Sun measures 761x721 feet at the base and is 216 feet high narrowing to a level summit.

Unlike the pyramids of Egypt with its huge jutting blocks of stone forming an endless stairs to the top, the Sun pyramid is built with a smooth surface in five distinct tiers. Ascent is made by steps built into the side and to the uninitiated the undertaking is almost perilous because of the steep incline with no supporting balustrades. It differs from its Egyptian counterparts also in the respect that it contains no interior passages or rooms.

The pyramid of the Moon is smaller with a base measuring about 511x426 feet. It rises 151 feet with a crowning platform about 19 feet square.

In connection with his supervision of the excavations, Senor Gamio has interested himself in the Indian life of the valley and one of his first efforts has been to establish schools with special attention paid to manual training.

Originally, the valley contained 200,000 Indians, but these had been reduced to 20,000 in colonial days and now number less than 8,000. They earn but a poor living when crops are good and when there are failures starvation and widespread death ensue.

Groups of Indians at pottery making, a new industry in the valley, were evidence that a portion at least of Sr. Gamio's program is being carried out.

AIRPLANES HAVE FOUND NEW WORK

Are Used to Land Cables—Offers Great Possibilities in This Class of Work.

Washington, March 22.—(By A. P.)—A new job for airplanes—laying of land telegraph cables—has been tried out successfully in Sweden, according to army air service reports. A six mile stretch was laid and put into service in eight minutes by a plane that came from its station 40 miles away. Of the eight minutes six were spent in flight and the other two in making connections.

Great possibilities, both military and commercial, are seen by air service officers in this new enterprise. Equipment of planes for cable laying is said to be very simple and inexpensive. For battle use, it is declared, the system may prove "an effective means in the hands of the army chiefs" for influencing the outcome of the struggle.

"In the course of operations in the open field," so says the report, "a connection can be brought about immediately, as, for instance, between different marching columns, even though they are separated by inaccessible ground. Another valuable use would be in establishing communication with troops on forced marches either during an advance or a retreat. In trench warfare, lines of communication destroyed by enemy fire can be restored even in the middle of violent action."

There is no need for the plane to alight. The cable is unrolled from the machine in flight with a flag marker at the end to guide signmen on the ground to it. When over the point at the other end of the stretch of ground to be

covered, the wire is cut from the reel and the free end weighted, marked and dropped. The men below merely have to pick it up and connect it to begin talking with the forces at the other end.

For commercial purposes, the report suggests that cable laying from the air may well prove valuable in forestry and forest fire protection, scientific exploration or other endeavors where communication is necessary "yet too difficult of installation by other means."

Martin Ryan of Franklin, paid city merchants a call yesterday.

MATTOON ORGANIZE ROTARY CLUB

The Mattoon Rotary club was recently organized, the formal ceremony being conducted by Fred Kelly of Decatur. A number of Rotarians were present from Decatur, Effingham, Champaign, Litchfield, Rock Island and Harrisburg and the new organization was started off under very favorable conditions.

A fine dinner was served by the Ladies Society of the First Congregational church, the courses being interspersed with "congregational singing by the Rotarians. Singing, by the way, is one of the features of the meetings of Rotarians.

Henry McNutt, president of

the local organization introduced Fred Kelly, president of the Decatur Rotary club, who served as master of ceremonies. Mr. Kelly told of the part that the Decatur organization played in organizing the Mattoon Rotary, and presented to President McNutt the charter that had been issued to the local organization.

Subscriptions made to **Pas-savant Hospital building fund** are now due and payable to **F. E. Farrell, treasurer, at the Farrell State Bank.**

Ray Sheppard was a Winchester visitor in the city Thursday.

WILL BE INSTALLED SUNDAY, APRIL 3RD

Rev. W. Henry Snowden of Springfield, Ill., will be formally installed as pastor of Mount Emory Baptist church Sunday afternoon at 3 o'clock. Rev. H. H. DeWitt, moderator of the Wood River Baptist association, will be the installing minister.

Rev. Mr. Snowden comes to the Jacksonville church from the New Hope Baptist church of Springfield, where he has labored successfully for three and a half years. The public is invited to attend the services.

Russell Roberts was a business caller from Franklin yesterday.
